LEADERS IN THE FIELD OF TECHNICAL LUBRICANT DESIGN AND PRODUCTION

Isis Dies (Pty) Ltd has been the South African agent for Condat since 2002. The Forming Lubricants Department at Condat, formed in France in 1854 has risen to the position of European Leader in the industrial field of wire drawing, rolling, drawing of bars and tubes, as well as hot forming.

Benefits of using Condat Products:

- Strong Research and Development facility
- Quality Policy: Quality standard certificates: ISO 9001 and ISO 14001
- Technical back up by experienced engineers and technicians worldwide.
- Experience in international markets: 80% of products are distributed internationally
- Products specially formulated for the convenience and requirements of international markets
